Quito - Ecuador

Quito, Ecuador

March 24, 2014

To Whom It May Concern:

We would like to communicate in writing our commitment to speak at the *Emerging Unconventional Plays In Latin America 2014* congress, organized by LBCG, to be held in the city of Cartagena (Colombia) on April 23-24, 2014, as well as our will to officially endorse the event.

Undersecretary of Studies and Hydrocarbon Assets, Alfonso Jiménez, will present an introduction on the activities of the Hydrocarbon Secretariat of Ecuador (“SHE”), as well as the project “Research on the evaluation of unconventional hydrocarbon resources in the sedimentary basins of Ecuador”.

SHE also authorizes the use of its logo on the website and PR materials for the *Emerging Unconventional Plays In Latin America 2014* congress.

Sincerely,

Patricio Machado

ACTING HYDROCARBON SECRETARY OF ECUADOR
